Ms. Ruth Chemutai Sitienei defended her MSC thesis in **Soil Science** on 6th, September, 2016. The research topic was on "Monitoring changes in soil organic carbon, moisture content, nutrient balances and maize yields in a legume - maize (*Zea mays* L.) cropping association in Nairobi, Kenya". We wish her success and bright future in all her endeavors.

Expiry Date: Mon, 2019-09-30 14:58
