

5TH ESRI EASTERN AFRICA EDUCATION GIS CONFERENCE

Esri Eastern Africa in collaboration with Kenyatta University and the University of Nairobi will be holding the 5th Esri Eastern Africa GIS Education User Conference on 21st – 22nd September 2017. The conference will take place at [KU-BSSC](#). Two Pre-conference training sessions are also lined up for Wednesday 20th September 2017; one on Hackathon for programmers and Mobile or Web Applications enthusiasts at KU-BSSC and the second one on Introduction to GIS for beginners / fresher's at KU GIS Lab 844-EF03. [Access the Mobile application challenge here](#)

For the workshop on Introduction to GIS for beginners / fresher kindly register [here](#). Only 50 slots are available.

The theme of the conference will be: Building a Sustainable Future

Kenyatta University, the lighthouse of Geospatial Knowledge, together with Esri Eastern Africa Education and the University of Nairobi are honoured to invite young scholars to 5th GIS Conference. The 2-day conference will bring together an array of GIS Users in the Education industry from across the Eastern Africa region. The conference brings together youthful minds in the GIS industry to make presentations, attend workshops and network. The purpose of conference activities is to help prepare the next generation workforce with GIS skills for better decision-making across a broad spectrum of disciplines and professions. For more information about the conference and for registration requirements kindly visit: <https://www.esriea.com/educ-2017/>
