

ASSESSMENT OF STATUS OF GEF- SGP FUNDED PROJECTS; BUTTERFLY FARMING

Dr. Judith Mbau, a lecturer in this department on **6th October, 2020** visited local community of Kilifi county. The meeting aimed at assessing the status of GEF- SGP funded projects whose purpose is to create sustainable landscapes by restoring ecosystems while supporting community livelihoods in the county.

Dr Judith Mbau (fourth right) with some Kaya elders from Kilifi county and Mr Kamau (far left) of Institute of Culture and Ecology (ICE)

Dr. Judith Mbau assessing the progress made by farmers who have embraced butterfly farming within the buffer zone of Kaya Kauma in Kilifi County. Both the youth and women have embraced the income generating via butterfly farming.
