

PHD AND MSC RESEARCH PROPOSAL PRESENTATIONS

Masters of Science and Doctor of Philosophy students pursuing various degree programmes in this department virtually presented their research proposals to their fellow students and supervisors. According to UoN graduate school guidelines, all postgraduate students must produce progress report and this can be possible if their research work is shared and presented to supervisors and any other invited actor. Over 27 participants were in attendance. Their supervisors were impressed on improved research work enhanced by presentation skills. Degree themes, which were presented, were in Dryland Resource Management, Range Management, Land and Water Management, Soil Science, and Management of Agro ecosystems and Environment.

The presenters were;

1. Yahya Sabdow Kasai
2. Samuel Wekesa
3. Daniela Lengosira
4. Peter Ombita
5. Galwab Amara Macmillan
6. Ragwa Phares Kinyua
7. Sammy Koech
8. Abel Kirop
9. Sylvia Muchiri
