

**CALL FOR MSC AND PHD SCHOLARSHIPS: CLIMATE-SMART SUSTAINABLE AGROPASTORAL ECOSYSTEM TRANSFORMATION IN EAST AFRICA (ESSA)**

**ESSA projects Objective**

ESSA project aims at increasing understanding of the dynamics of and interlinkages between tropical upland forest cover and semi-arid lowland landscapes, and the multifunctionality of agro pastoral landscapes, through a system-wide view of food and nutrition security, diversified livelihoods and ecosystem sustainability and improvement.

The University of Nairobi through ESSA project is offering **two** PhDs and **three** MSc to Kenyan citizens in various areas of research offered at College of Agriculture and Veterinary Sciences (CAVS).

These are:

1. **PhD in Plant Science and Crop Protection**
2. **PhD in Environmental Governance and Management**
3. **MSc in Food Science**
4. **MSc in Animal production-** with two components of Masters degrees focusing on:
  - a. Feed formulation by utilizing *Prosopis juliflora* – 1<sup>st</sup> Msc
  - b. Evaluation of different **water harvesting** (open and tied ridges and Zai pits) technologies.-2<sup>nd</sup> MSc

Eligible applicant(s) should send copies of their motivation **letter**, **Curriculum Vitae**, **publication list** and **copies of relevant certificates** to [cecilia.onyango@uonbi.ac.ke](mailto:cecilia.onyango@uonbi.ac.ke) /[mwangombe@uonbi.ac.ke](mailto:mwangombe@uonbi.ac.ke) before or not later than **31<sup>st</sup> March 2021**.

**NOTE:** For all the MSc scholarships, applicants can either be those who have enrolled for MSc in relevant discipline and are in year one of study or fresh applicants.
