## Implementing the New Green Deal: The Path Towards Sustainable Agriculture

### About

After successful arrangement of the 1st IS CRAES 2020 (Virtual), it is our great pleasure to invite you to participate in the 2nd IS CRAES in person. The main theme "Implementing the New Green Deal: The Path Towards Sustainable Agriculture", is to achieve a sustainable Europe and the planet by tackling current environmental, climate, and societal challenges facing by the world.

We also feel proud of welcoming you to Ireland, the green island in the North Atlantic, with a fascinating mix of the very old and very new, of city life and country life, and the vibrant city of Dublin, which is the Europe's fourth most popular city and one of the friendliest capital cities in the world.

### Abstract submission
