

EDWIN MAINGI KAKUSU SUCCESSFULLY DEFENDS HIS MSC THESIS

Mr. Edwin Maingi successfully defended his MSc thesis titled: **“EFFECTS OF SOIL MOISTURE VARIABILITY ON MORPHOLOGICAL AND ANATOMICS ATTRIBUTES OF ROOTS AND BUDS OF SELECTED RANGELAND GRASSES OF SOUTHERN RANGELANDS OF KENYA”** during a virtual oral examination convened by Dean Faculty of Agriculture on January 18th, 2022. Edwin is a student in LARMAT pursuing MSC in Range Management. His Research work is supervised by Prof. Kinuthia Ngugi and Dr Oscar Koech.

Edwin will be required to revise his thesis based on the recommendations from the committee of examiners, and submit the final thesis for approval and Will later be conferred with Master of Science degree in Range Management of the University of Nairobi.

Congratulations Edwin Maingi
